## SKILLS

Core Java	CSS	GUI	HTML
Java	JavaScript	JDBC	OOP

## SUMMARY

I am a dedicated and detail-oriented software engineering student eager to leverage my skills in software development and programming to craft innovative solutions. My education in computer engineering has equipped me with a solid foundation in technical and soft skills, including effective communication and problem-solving, paving the way for a successful career in technology

## EDUCATION

### Bachelor of Engineering **SMT. Indira**

#### Gandhi College Of Engineering

 08/2020 01/1970  Navi Mumbai

### Higher Secondary Certificate

#### Adv. Baheti College

 01/2021 01/2023  Jalgaon

### Secondary School Certificate

#### Sheth La.Na High School

 01/2018 01/2020  Jalgaon

## PROJECTS

### Bank Management System

 11/2024 12/2024

A project to manage banking operations through an application

- Developed a Bank Management System utilizing Core Java
- Implemented user login, balance check, and deposit/withdrawal features
- Bonus integration of JDBC to connect to MySQL for real transactions

### Library Management System

 05/2025 06/2025

A system to manage library resources efficiently

- Created a Library Management System featuring OOP principles
- Implemented file handling for book management
- Optional use of Java Swing for GUI
